and engagement across the UK and globally.**

What can membership offer you?

Membership with the Consultation Institute (tCI) enables you to join a community of like-minded people and offers recognition to those who have undertaken tCI training to improve their skills and knowledge.

Through exclusive content, we keep you regularly updated on current best practice, and give you tips and advice for your consultation and engagement activities - sent directly to your inbox and stored in your members' area on the website.

Membership also gives you instant access to a variety of supportive tools, such as 'ask the expert', free e-Learning, exclusive access to webinars, and significant discount on training and events. Depending on your level of membership, you'll receive further discounts on in-house training and our consultancy services.

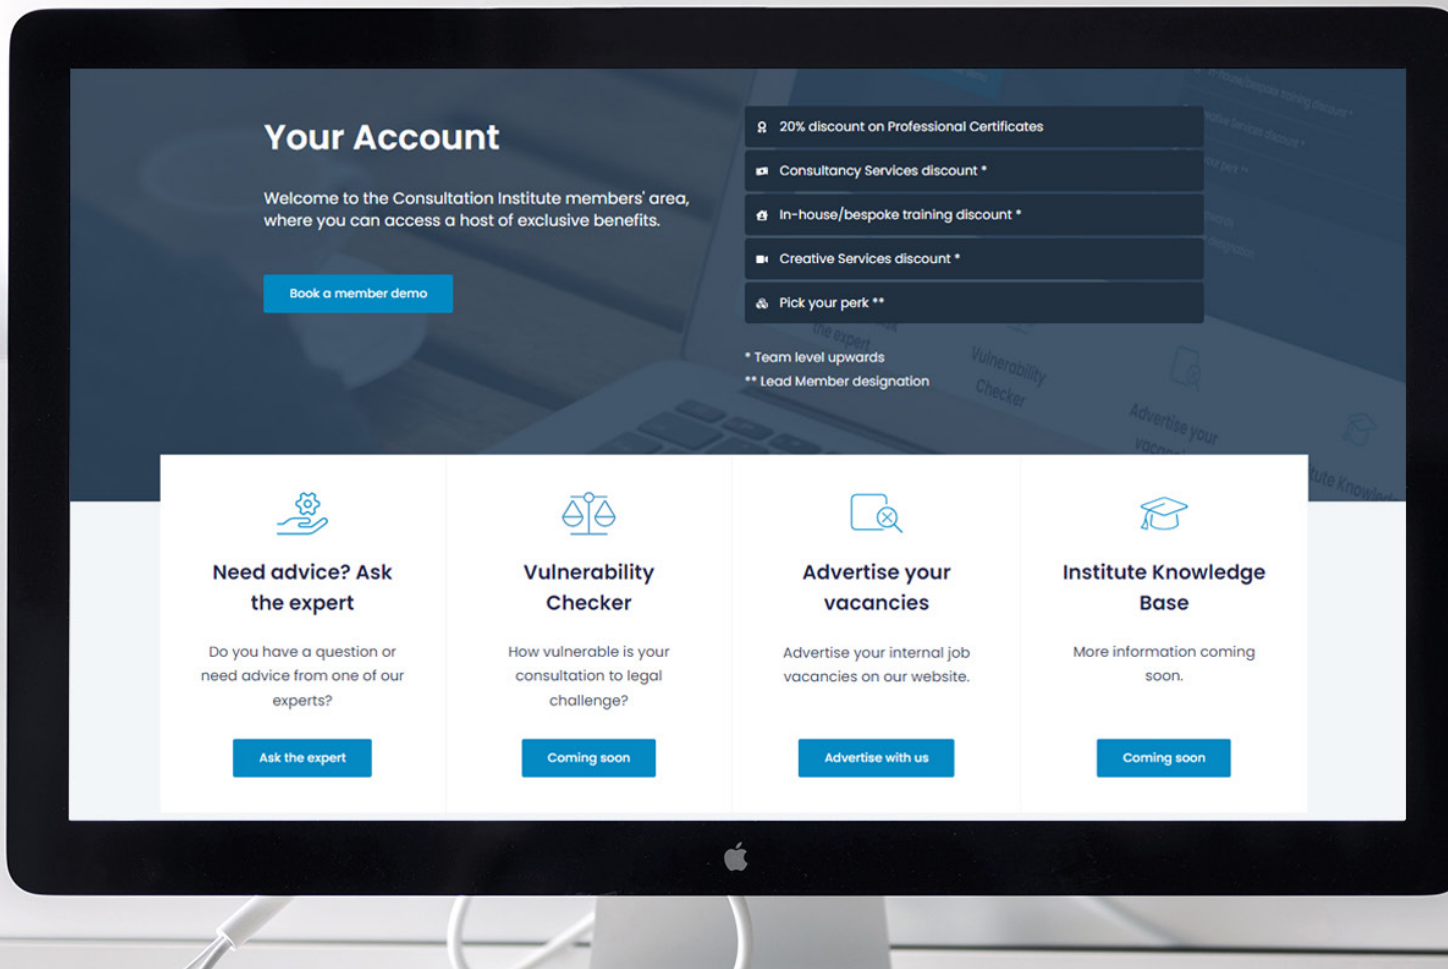

Join tCI's unique member network at one of five paid levels.

Each level is designed to accommodate the appropriate number of people directly involved in consultation and engagement activities within your organisation, and who need easy access to tCI's range of member benefits.
